## Statistics 2016: Peak times at the race number pick-up area

## Process of the relay marathon

**Start time: Sunday, October 30th 2016, 10:35am**

### Distances

**1st runner:** 12.9km – 1. Transition: Kurt-Schumacher-Straße (railway station Zeil, Konstablerwache)

**2nd runner:** 6.1km – 2. Transition: Goldsteinstraße/ Lyoner Straße (railway station Niederrad)

**3rd runner:** 9.5km – 3. Transition: Oeserstraße/Kerbeplatz (railway station Nied)

**4th runner:** 13.5km - finish in the Festhalle, Trade Fair (Messe Frankfurt)

**Please check the „course map“**

The first runner starts with a ChampionChip, which as baton will be given to the next runners at each transition point. Further information can be found under "Timing". The first runner will start at 10:35am at the Friedrich-Ebert-Anlage. Please come to the start in time at 10:20am in order to avoid unnecessary hectic and excitement. Only participants of the relay marathon are allowed to enter the start area.

## How to get to the transition areas and back to the start by public transport

The transition areas can be reached easily by public transportation. We recommend all relay runners to use public transportation instead of trying to organize an individual shuttle service. Public transport can be used for free; the race number serves as ticket in the whole territory of the RMV (local linked transport system).

1st transition area: From the start area (Stop Festhalle/Messe) take the underground 4 to Bahnhof Zeil/Konstablerwache and the other way around to go back.

2nd transition area: From the start area (Stop Festhalle/Messe) take the underground 4 to Hauptbahnhof (central station), change to S7, S8, or S9 and get out at Bahnhof Niederrad and the other way around to go back.

3rd transition area: From the start area (Stop Festhalle/Messe) take the underground 4 to Hauptbahnhof (central station), change to S1 or S2 and get out at Bahnhof Nied and the other way around to go back.

## Transition areas

The line-up in each transition area is according to your race number. There will be refreshments for the runners, who finish there part of the relay.

## Transport of Clothes

As every team has a particular speed, it is not possible to organize a clothes check-in in each transition area. Hence the team itself is responsible to organize this. We suggest that the first runner checks his/her clothes from before the race in at the 'official' check in at the expo in hall 1, level 1. He/She gives the clothes to wear after the race to the second runner who will hand those over before he/she starts running. The second runner will give his/her clothes from before the race to the first runner who will take them back to the expo grounds.

We suggest that you all use this practice. The fourth runner should check in the clothes for after the race at hall 1, level 1.

## Race number

Only athletes wearing the race number of the relay marathon 2017 are allowed to participate in the race. It is not possible to transfer your race number to any other person. It has to be attached to the shirt-front. No race number belt allowed (s. IWB-Rule 18.17 et seq., a detailed explanation can be found in the FAQ area on our website). It is not allowed to change the race number in any way or to fold it. This would lead to a disqualification. Athletes wearing no race number will be disqualified, too.

## Lavatories

There are mobile toilets at the start and finish area. Please also use the lavatories on the Trade Fair grounds.

**Please check the plan "start/ finish area."**

## Timing

The race is scored using the ChampionChip system.
